PT300™ Wheel Load Scales

PT300™ Wheel Load Scales

Intercomp RFX™ Wireless PT300™ Wheel Load Scales are the Industry Standard in Digital Wheel Load Weighing

PT300™ Scales are sturdy, portable and compact. Lightweight and accurate, this all-aluminum design is ideal for uneven surfaces and withstands most weather conditions.

The PT300™ is designed to maximize legal payloads with concerns for violations and reduction of maintenance due to overload stress on equipment.

PT300™ Scales are now standard with Fully Integrated RFX™ Wireless Weighing Technology and encryption ensures secure wireless communication. Cabled models are also available when wireless is not an option. Batteries last up to 300 hours in scales.

PT300™

PT300DW™

Double Wide Scale Pad to Accommodate Wider/Multiple Tires

PT300™

Scale Size	3" x 16" x 20" (76 x 406 x 508mm)
Platform Size	12" x 12" (305 x 305mm)
Capacity	5,000lb (2,500kg) 20,000lb (10,000kg) 25,000lb (12,500kg)

PT300™ DW

Scale Size	3" x 26" x 20" (76 x 660 x 508mm)
Platform Size	22" x 14" (559 x 356mm)
Capacity	5,000lb (2,500kg) 10,000lb (5,000kg) 20,000lb (10,000kg) 30,000lb (14,000kg) 40,000lb (18,000kg)

Salient Characteristics:

- Fully Integrated RFX™ Wireless Weighing Technology Communicates Directly with the Handheld RFX™ Wireless Weighing Indicator, RFX™ Wireless PT20 CPU & IntercompWeigh™ Software
- Cabled Scales Communicate with Standard PT20™ CPU & IntercompWeigh™ Software
- Accuracy of ±1% of Reading
- Fully Electronic Design Uses Patented Shear Beam Load Cells
- Large, Easy-to-Read, 1" (25mm) LCD Display with Backlight
- Push Button Controls Include On/Off, Local/Total, Zero & Print/Accum
- NTEP Approved 20,000lb (10,000kg) Models Available
- Standard AA Rechargeable Batteries Provide up to 300 Hours of Continuous Use & Display Shows Battery Life

300 Hour Battery Life in Scales

PT300™ Wheel Load Scale Systems

PT300™ Wheel Load Scale Systems include everything you need to start weigh vehicles and cargo equipment. Available in 2, 4 or 6 Scale configurations in system capacities ranging from 10,000lb (5,000kg) to 120,000lb (60,000kg), each scale system includes Fully Integrated RFX™ Wireless Weighing Technology for use with the included Handheld RFX™ Wireless Weighing Indicator which operates up to 6 scales simultaneously.

PT300™

**RFX™ Wireless Wheel Load Scale Systems
Come in 2, 4 or 6 Scale Configurations**

Systems Include:

- RFX™ Wireless Scales
- Handheld RFX™ Wireless Weighing Indicator with Rechargeable Batteries, Battery Charger & Case
- Interconnect Totalizing Cables
- Universal Scale Charger (120/220 VAC)
- Mil-Spec 810D Storage Case

PT300DW™

**300 Hour Battery
Life in Scales
40 Hours in Indicator**

Options:

- Handheld RFX™ Wireless Indicator
- RFX Wireless PT20™ CPU
- Interconnect Cables
- IntercompWeigh™ Universal Weighing Software
- Ramps
- Transport Cases
- Printer

RFX™ Wireless Weighing Indicators

Intercomp Offers a Variety of Indicators which Compliment the PT300™ Wheel Load Scale Series to Meet a Wide Variety of Applications

- Fully Integrated RFX™ Wireless Weighing Technology
- Control Scale Functions from Safe Distances
- Communicate with Multiple Scales Simultaneously
- USB & RS232 Output
- Various Weight Display & Reporting Options

Handheld RFX™ Wireless Indicator

RFX™ Wireless Indicator Eliminates the Use of Cables.

- Wireless Weighing Saves Time & Increases the Efficiency & Safety of Weighing Operations
- Control Scale Functions Directly from the Indicator
- Easy to Use Indicator Allows Users to Show the Weights in Cumulative Total, Individual Weights Per Pad or Scale, and/or Center of Balance, has the Ability to Store & Recall Up to Ten Arm Records & Offers Continuous & On Demand Print Outputs for Up to Six Scales
- The Indicator also Offers a 'Read-Only' Selection for Use with PC Software

RFX™ Wireless PT20™ CPU

Fully Integrated RFX™ Wireless Weighing Technology Right in the CPU.

- Works With Any Cabled or Wireless Scale System
- Features One-Touch Printing, Center of Gravity Calculation, Axle Accumulation Mode, Set Alarm & Zero Buttons
- Enclosed in a Rugged Case, Providing Protection Against a Variety of Elements
- Includes Thermal Printer Central Processor, Cables, Power Supply & Manual are Packed for Easy Transport for Use at the Most Remote Locations

RFX™ Wireless IntercompWeigh™ Software

Provides Complete Weight & Balance Reporting & Serves as an Inventory Control Manager for All Weight Records.

- Step-By-Step Menus Ensure Quick & Accurate Weighing
- Comes Programmed with the Most Common Configurations, Along with Arm Lengths & Out of Level Correction Tables
- All Data can be Transferred to an MS Excel Spreadsheet for Use in any Format
